

2026 New York Flora Association Workshop Scholarship Form

<https://nyflora.org/events-directory/>

The New York Flora Association is offering limited scholarships to help reduce the cost of workshops, up to the full cost. Anyone can apply for a scholarship, but priority will be given to students. Applications will be considered as long as there is available space in a workshop.

Successful applicants will be chosen based on their interest, merit, and financial need.

Scholarships are limited to one workshop per person per year. They are not transferable.

To apply please complete this form and email it to events@nyflora.org. Then register for the workshop online, by adding the member price to your cart and choosing the scholarship option during checkout. You will not be charged. Registration will hold your spot while we review the application but does not guarantee a scholarship award.

Name:

Address:

Email:

Phone:

Are you a current NYFA member?

What workshop are you seeking a scholarship for?

If employed, employer and position:

If a student, what area of study or degree program? What Institution?

Name, relationship, and contact info of an academic or professional reference.

What do you hope to gain by attending this workshop? How does it relate to your interest and current or future academic or career goals?

Form continues on back page...

Please explain how your coursework, interests, or experiences relate to this workshop?

Explain your financial need for this workshop.

Will you be receiving or requesting any other direct or in-kind support (e.g. from your school, employer, a grant)? If so, please explain.
